- 1H20 net profit increased to Rp 89.7 billion

## Intiland Announces 1H20 Earnings

PT Intiland Development Tbk (“DILD” or “the Company”) announces its financial performance for the first half of 2020.

### Implementation of the new accounting standard (PSAK 72)

Starting from 1 January 2020, the company implements the new accounting standard (PSAK 72) about revenue from contracts with customers. The 1H20 financial results have reflected the new accounting standard, while the 2019 financial figures are still based on the previous accounting standard.

The objective of this standard is to establish the principles that an entity shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flow arising from a contract with a customer.

### 1H20 revenues increased 12.2% yoy to Rp 1.5 trillion

The Company booked revenues of Rp 1.5 trillion in 1H20, or increased 12.2% yoy from Rp 1.3 trillion in the comparable period. Meanwhile, the Company booked 1H20 net profit attributable to the Company at Rp 89.7 billion, increased from Rp 9.4 billion in 1H19. This figure was driven mainly by higher revenues from the projects owned by the Company compared to last year.

Profit for the year in 1H20 was recorded at Rp 81.9 billion, increased 8.1% yoy from Rp 75.8 billion in 1H19. This result was mainly due to 1) the impact of discounting financial assets and liabilities from the implementation of PSAK 72, 2) increasing interest expense due to the interest expense of several projects that cannot be fully capitalized anymore, and 3) less revenue recognition from the JV high-rise projects due to the implementation of PSAK 72.
